ABOUT

Novice UI-UX Designer and enthusiastic web developer. Skilled in HTML, CSS, JavaScript, and expanding into MERN stack. Seeking challenging roles to craft user-friendly web apps. Committed to continuous learning and passionate about development.

PROJECTS

COMMON CSR PORTAL

2024

A COMMON CSR PORTAL

Led a team of three individuals in the development of an innovative corporate social responsibility website using ReactJS and Appwrite. The collaborative effort resulted in a distinctive platform, emphasizing our commitment to CSR principles through a unique and engaging user experience.

SRUTIKARLAKSHMI

2023

A PERSONAL PORTFOLIO

Independently crafted a dynamic and responsive portfolio website using React, serving as a compelling online resume to showcase skills and projects. Gained proficiency in React, elevating web development skill set.

FOREVER AND ALWAYS

2023

A WEDDING PLANNER

I collaborated with three teammates to design and develop a website called "Forever and Always" using a combination of HTML, CSS, and JavaScript. This project provided me with valuable experience in CSS, allowing me to enhance my skills in web design and styling.

MYWEATHERAPP

2023

LIVE WEATHER APP

MyWeatherApp brings you instant global weather updates, seamlessly integrating OpenWeather API magic for effortless and informed weather tracking. Your passport to weather convenience, it transforms forecasting into a delightful journey.
